

MATERIAL GIRL, 2014

first up
to #follow
adoring the ideal idol
faceless, faithless
believing the dream
of unlimited consumption
24h society
full of shopping
must have trash
fast than a blast
and lot lasting
photoshopped reality
glitter & shine
the new age kitsch
distracting from distraction
buying into being free
yet chained to matter
brand new cover
to hide the overloaded
sweet glam
we like
